

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes, and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resitol ointment and a cake of resitol soap.

These are not at all expensive. With the resitol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resitol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

UNIVERSAL TRAINING BILL

A New Measure Is to Be Presented to Congress

SIX MONTHS' TRAINING IN 18TH YEAR

Penalty for Employers Who Hamper Plan—All Expenses During Period

Washington, June 15.—Details of a new universal military training and service bill to be presented to Congress soon became known yesterday. It provides that all male citizens shall enlist for six months' military camp training during the calendar year in which they become eighteen years of age and thereafter shall be discharged into the reserves. In time of war these trained men might be called into active service by classes of years, the youngest first.

The bill was drawn by Captain George Van Horn Moseley of the general staff of the army, acting unofficially in behalf of the national defense organizations. It will be proposed as a substitute for the pending Chamberlain universal training bill which provides for short periods of varied training extending over ten years, between the ages of thirteen and twenty-three. A vigorous campaign will be made for passage of the measure at this session of Congress, it is expected.

Under the proposed legislation, one month's credit on the six months' compulsory service would be allowed for each year of military work in recognized institutions, with a limit of four months' credit.

The president would be empowered to suspend the organization of any number of regular army units, and to assign their officers to the training camps. This would effect economy, it is argued, by permitting a reduction of the standing army without reducing the force available in case of war.

A system of penalties would be provided for employers of men above the age of eighteen who had not passed through the training. Persons not complying also would be barred from holding any position under the federal government, and, in case they leave the country to escape service, would be required to fulfill the obligation on their return.

No pay would be allowed for the training period but the government would pay all expenses. If called into active service, later, the men would receive regular army pay.

Stop the Pain

Neuralgia Don't suffer another minute. Rub Minard's Liniment on sore, aching face and head. Pains go quickly.

Rheumatism Is pain only. Don't worry—get Minard's Liniment. Apply as directed—and get quick relief from rheumatic misery. You can have instant relief if you will only apply a little Minard's Liniment. For 60 years this wonderful, creamy liniment has stopped backache quickly and given relief in thousands of cases.

Lumbago You can always be free from this misery if you will use Minard's Liniment. Try it at once and know its remarkable value.

Sore Feet Sore, tired, aching feet, as well as sore, bruised hands, can be healed if Minard's Liniment is used as directed.

Sprains Nothing will be more helpful in quickly easing sprains. Rub Minard's Liniment right in. It starts the blood to flow instantly and sprain misery goes.

Wounds Minard's Liniment is pure, safe antiseptic. It kills germs—cleanses and heals wounds and sores quickly and healthfully.

in case they leave the country to escape service, would be required to fulfill the obligation on their return.

No pay would be allowed for the training period but the government would pay all expenses. If called into active service, later, the men would receive regular army pay.

ROOSEVELT LAID UP BY STRAIN

Colonel Issues Statement Telling of Old Accident Following Attack of Pain on Pier.

New York, June 15.—Reports yesterday that Theodore Roosevelt was seriously ill apparently proved unfounded. He has been experiencing coughing spells recently and in a statement late yesterday regarding an attack of pain while he was at a pier yesterday morning awaiting the arrival of his son, Kermit, from South America, the colonel explained that this coughing probably had strained a ligament.

"One year ago," the colonel said, "I broke one of my ribs in the left side while riding. The horse fell and threw me. The coughing spells which I have had probably strained a ligament. It is ridiculous, but painful, so, like King Gog, I arch my neck and walk lightly."

The former president left the pier in an automobile with his family. He appeared later in a public dining room with Mrs. Roosevelt and others, and held a political conference there with Raymond Robins, who was chairman of the Progressive national convention, and Harold L. Ickes, Progressive national committeeman from Illinois.
